# COMPANY

## *Overview*

PT Kartika Lestari Jaya is an Indonesian company specializing in shell-based materials and decorative products crafted from natural seashell resources. Based in Bali, we focus on delivering premium shell products with aesthetic value, export-quality standards, and sustainable craftsmanship for international markets.

Our products are suitable for interior decoration, architectural applications, handicrafts, and premium design projects. By combining natural materials with skilled craftsmanship, we create unique shell products that reflect elegance, durability, and tropical artistry.

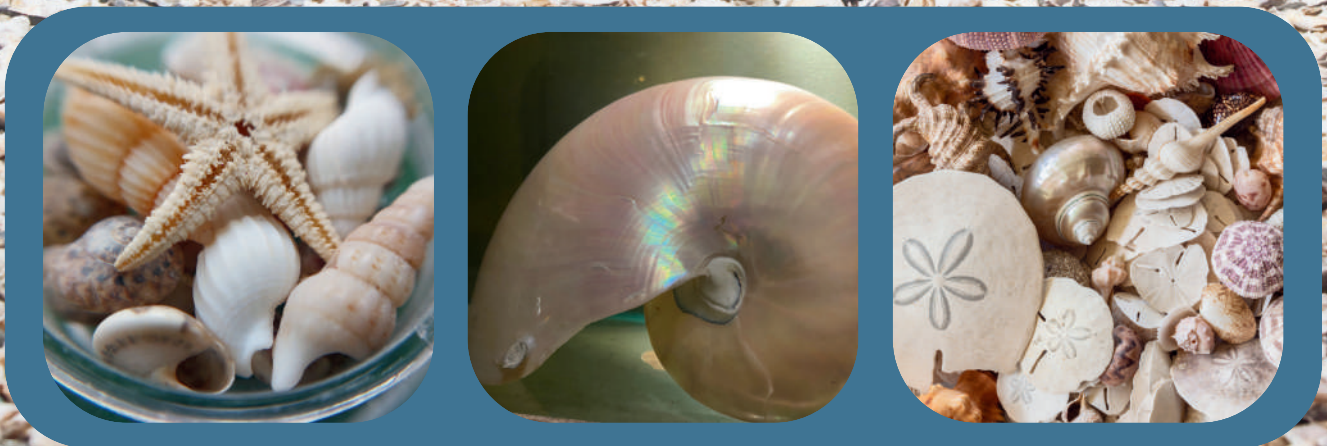

# VISION *&* MISSION

## VISION

To become a trusted global supplier of premium shell-based materials and decorative products from Indonesia.

## MISSION

Our mission is to provide high-quality shell products through sustainable sourcing, skilled craftsmanship, and reliable export services while building long-term partnerships with global buyers and design industries.

# Our *Value*

At PT Kartika Lestari Jaya, we believe that quality products are built through craftsmanship, consistency, and respect for natural materials. We are committed to delivering premium shell-based products that combine natural beauty, functional value, and professional export standards for global markets.

- Natural Beauty
- Quality Craftsmanship
- Sustainable Sourcing
- Customer Commitment

# Why *Choose Us?*

## ➤ Sustainable Material

We transform shell waste into valuable decorative materials, supporting eco-friendly production and reducing environmental waste.

## ➤ Natural Aesthetic

Each shell product has unique natural colors, textures, and patterns, creating an elegant and distinctive look for every design.

## ➤ Skilled Craftsmanship

Our products are carefully processed and crafted by skilled artisans to ensure quality, precision, and beautiful finishing.

## ➤ Custom Design Support

We provide flexible design options for accessories, decorative panels, and shell tiles based on customer or project needs.

## ➤ Versatile Applications

Our shell materials can be used for fashion accessories, home decor, furniture accents, wall tiles, interior projects, and hospitality spaces.

## ➤ Export-Ready Quality

Products are selected, finished, and packed properly to meet buyer requirements and international market standards.
